Write an email from a student to their professor requesting an extension on an assignment submission deadline. The email must follow all professional email rules.

Subject: Extension Request: Data Structures Assignment - Aryan Sharma - 24BCG10055

Dear Professor Gupta,

I hope you are having a productive week.

I am writing to respectfully request an extension on the deadline for the "Linked List Implementation" assignment, which is currently scheduled for submission on October 20th.

Unfortunately, due to a sudden bout of viral fever over the past few days, I have been unable to focus on my coursework as planned. While I have completed the initial logic and pseudocode, I require a bit more time to debug the implementation and ensure it meets the required standards.

Would it be possible to extend my submission deadline by two days, to October 22nd? I am happy to provide a medical certificate if needed.

Thank you for your time and for considering my request. I look forward to hearing from you.

Best regards,
